The most popular forms of FIDIC contracts are contained in the 1999 Silver and Red Books. Once the contract is signed in Russian, parties need to be very careful about the translation. There is no official translation of FIDIC contracts in Russian and most of the existing, unofficial translations are rather inaccurate.

This explains the many common law features of the FIDIC Suite of Contracts, at times greeted with scepticism by civil lawyers. The FIDIC Red Book is the standard, and most commonly used, construction contract form in all projects where the design is provided by the Employer, following the traditional procurement route of Design, Bid and Build. The Contractor is paid on a
